Adam's reflection on his role as Senior Class President and his new journey to Union College.

My role as Senior Class President is one that I take and will take pride in for years to come. It is one of the few jobs or roles that when you complete it or a task for it you can see the effects of it. Whether it is you running around to multiple teachers to get paper work filled out, or helping decorate for the talent show, each job you complete is shown through the success and happiness of my peers. As president I can whole heartedly say that I know I have done a good job when I look around at my fellow seniors after big events and see the pure joy on their faces. It is these cherished memories that I shall take with me to Union College. I am very excited to start that new chapter of my life and see how all of the experiences that I have amassed till now will help through the next four years of my academic life.

A mother is the truest friend we have, when trials heavy and sudden, fall upon us; when adversity takes the place of prosperity; when friends who rejoice with us in our sunshine desert us; when trouble thickens around us, still will she cling to us, and endeavor by her kind precepts and counsels to dissipate the clouds of darkness, and cause peace to return to our hearts. ~Washington Irving
