New York City Department of Education

What is the NYC School Survey?

Every year, parents/guardians, teachers, and students in grades 6-12 take the NYC School Survey. The survey helps school administrators and pre-K program leaders understand what key members of their school or program's community think about the learning environment and the quality of education children are receiving. The information captured by the survey is designed to support a dialogue among all members of a school or program's community about how to make the school or program a better place for learning.

NYC School Survey results are shared in the NYC School Survey report and incorporated into each school's School Quality Snapshot and School Quality Guide.

What should parents/guardians do if they have more than one child in this school? Parents/guardians should complete one survey per school. If a parent/guardian has more than one child in the same school, the parent/guardian should fill out one survey based on the experience of the oldest child in that school. If a parent/guardian has children enrolled in multiple schools, the parent/guardian should fill out one separate survey for each school.

How can parents/guardians take the survey online? Parents/guardians can take the survey online at www.nycschoolssurvey.org using the survey access code printed on their individual surveys.

What if a parent/guardian loses the paper survey? If parents/guardians lose their surveys or are having technical difficulties with the online survey, they should call the Survey Hotline at 1-800-690-8603. The Survey Hotline will be able to provide eligible parents/guardians with survey access information to take the survey online.

When is the deadline for parents/guardians to take the survey?

All parent/guardian surveys must be submitted by March 31, 2017.

NYS Office of Parks, Recreation & Historical Preservation

Riverbank State Park

Presents

The 20th Annual
